

PASS IT ON DOWN

SD-215

Vocal by Pat Carnathan – Menifee, California

Based on the song by Alabama

OPENER:

Sides face **grand square**. We live in the land of plenty, but many things aren't plenty anymore. Like the water from our sink, they say it's not fit to drink, you gotta go and buy it at the store. **(Circle left.)** Now they say there's a hole in the ozone. **Left allemande** and **promenade**. And Lord, I believe from the heavens to the seas, we're bringin' Mother Nature to her knees.

FIGURE (twice for heads, twice for sides):

Head (Side) couples square thru four hands, **dosado** the corner girl. **Swing thru** tonight, **boys you run** right. **Bend the line** and do the **right and left thru**. **Flutterwheel** straight across the ring, **slide thru**, **swing** and **promenade**. ****And Lord I believe from the heavens to the seas, we're bringin' Mother Nature to her knees.**

****Alternative Lyrics:** 'Cause brother it's a fact, if we take and don't put back, they'll have to pay for all we did.

MIDDLE BREAK AND CLOSER:

Side face **grand square**. So let's leave some blue above us, let's leave some green on the ground. It's only ours to borrow, let's save some for tomorrow; leave it and pass it on down. **Four ladies (boys) promenade** go one time, get back home **swing** and **promenade** It's only ours to borrow, let's save some for tomorrow, leave it and pass it on down.
