SD-224

Vocal by David Mee – Riverside, California

Based on the song by Dan Seals

## OPENER:

**Circle left**, What's the matter Susie, did he let you down? I heard a rumor that's goin' 'round.

**Left allemande**, then you **dosado**, **left allemande**, come on **weave** around that ring. Hey, come on over and let's talk a while; I used to know how to make you smile. I know just what you are goin' thru. I'll tell you what I'm gonna do.

## FIGURE (twice for heads, twice for sides):

**Head (side) couples promenade half way** around. Walk in and **square thru four hands** around now. Go all the way, then go **right and left thru**, you **veer to the left** and now **ferris wheel** you do. Those centers **square thru** in the middle and you get three quarters 'round, **swing** that corner girl and you **promenade** on down. Just like a painter with a work of art, I'm gonna change the color of your blue heart.

## MIDDLE BREAK:

**Circle left**. I hate to see you hurt so bad, it breaks my heart to know your feelin' sad. **Left allemande**, then you **dosado**, four **men star by the left**, go once around you go. **Turn the partner by the right** and you go **left allemande**, **swing** that girl and you **promenade** the land. I've got the cure and it won't take much; you've got the time, and I've got the touch.

## CLOSER:

Four ladies **promenade**, walk in the middle of the ring, gonna get back home and **swing** the man go 'round I sing. Join hands, **circle to the left** you go walkin' around that ring, and do a **left allemande**, come on and **weave** around that ring. Just like a painter, with a work of art; I'm gonna change the color of your blue heart. You know where to find me when you're ready to start; I'm gonna change the color of your blue heart.
